DR. PINER SHOT

By Mr. James Dudley Ware
Tuesday Afternoon.

Almost a Tragedy in a Parlor on
South Virginia
Street.

Rev. W. K. Piner, pastor of the Methodist church, was shot and slightly wounded Tuesday afternoon about three o'clock by Mr. Jas. D. Ware. The shooting occurred in the parlor of the Ware home on South Virginia street. The details were at first carefully guarded but Wednesday night Dr. Piner's version of the affair was given to the press.

In effect he states that he had called upon Mrs. Ware, who is a member of his church, to consult with her about some committee work. While in the parlor, Mr. Ware entered and fired at the preacher, the bullet from a 38 Smith & Wesson grazing the top of his head, making only a scalp wound. A struggle ensued and Mr. Ware was disarmed and Dr. Piner left the house and walked to his home. Mr. Ware gave himself up and was put under a bond of \$1,000 by Judge Campbell and the trial set for this morning.

JAMES D. WARE.

Dr. Piner's version of the affair appeared in the Courier-Journal yesterday and also in a local paper. Mr. Ware was seen in regard to this publication and while declining to go into details he said the statement given out was false in all important particulars and that he would state the facts in the case at the proper time. He intimated that his statement would be very sensational. He said he will have a number of witnesses to substantiate his story, but withheld their names.

Both sides are preparing for a strong legal fight.

Mr. Ware has retained Messrs. Jas. B. Garnett, C. H. Bush and John Phelps. The other side will be represented by Breathitt & Fowler, Wood & Son, Joe McCarroll, Jas. C. Sims of Bowling Green, and David Fairleigh, of Louisville.

Mrs. Ware went to the home of her mother, Mrs. Anna Fairleigh, immediately after the trouble occurred.

Mr. Ware vigorously denies that he was intoxicated and says he will prove by numerous witnesses that he was perfectly sober before and after the trouble.

All of the parties are very prominent.

Dr. Piner is about 40 years old and is one of the most prominent ministers in his denomination in the State. He has had churches in Louisville, Bowling Green and other places and has been here three years.

Mr. Ware is 52 years old and was born in this country. He belongs to one of the best families in the county. He has long been prominent in social, business and political circles. For several years he represented his ward in the City Council, as a Democrat. As a tobacco broker he has been very successful and is a man of liberal means. He has been married three times. His present wife is about 20 years his junior. They were married eight or nine years ago and have two children, bright little boys.

MAC AND TEDDY.

Republican Convention at Philadelphia Makes Nominations.

McKinley for President and Roosevelt for Vice President by Acclamation.

Philadelphia, Pa., June 21.—Wm. McKinley for President and Theodore Roosevelt for Vice-President were nominated by acclamation to-day.

The nomination of McKinley, set for yesterday, was postponed because of the hot fight which Hanna was waging against Roosevelt, and which might have caused the nomination of Roosevelt for the presidency, as the sentiment became so strong that there was talk of over-riding the boss and placing the Rough Rider at the head of the ticket. But Hanna surrendered. It was not, however, without a fight, and in desperation he called upon the President to come out for some man and against Roosevelt. But the President would not be caught in such a trap, which might have meant this defeat for the presidential nomination. He went flatly on record that he would not thwart the will of the convention. That was the last prop. Hanna then induced the surrender of the other Vice-Presidential candidates. Doliver and Long, the others mentioned, never having been in the race.

The platform has been adopted. It is unsatisfactory to those who drew the administration drift. Senator Fairbanks is believed to be the author of most of it. Its praise of the trusted men appointed to offices created by the insular acquisitions is taken to be a special defense of Neely and the others connected with the Cuban scandal. The Boer struggle is straddled and is unsatisfactory to both sides. There is a mention of reducing the war revenue tax, but no pledge to repeat it. The trusts are let off lightly and no legislation against them is pledged.

Harold M. Sewall, son of Arthur Sewall, the Democratic nominee for vice-President in 1896, has been elected Republican National Committee man for the Territory of Hawaii.

Senator Edward O. Wolcott, of Colorado, was temporary chairman, and Senator Henry Cabot Lodge, of Massachusetts, was permanent chairman of the convention.

Bradley was made chairman of the Kentucky delegation.

Taylor got up once and went to the platform to second a motion. He was not given an opportunity to work off his little tale of woe.

OSTEOPATHS WIN.

The Court of Appeals Decides That
They Are Not Violating The
Statutes.

Frankfort, Ky., June 20.—The Court of Appeals this morning reversed the judgment of the Jefferson Law and Equity Court in the case of Harry Nelson against the State Board of Health. The decision is a victory for the osteopaths practicing in the State of Kentucky, as it makes perpetual an injunction restraining the State Board of Health from interfering with them in their practice.

Nelson, a graduate of the Kirksville, Mo., School of Osteopathy, asked in the lower court an injunction restraining the State Board from interfering with him. The lower court refused. The ruling of the court here is that the practice of osteopathy is not a violation of the statutes. Chief Justice Hazelrigg dissented from the opinion of the court.

Democratic Conventions.

The convention to nominate a candidate for governor will be held Thursday, July 19. Conventions will be held in each voting precinct on Saturday, July 14, at 2 p.m., to select delegates to county conventions on Monday, July 16, when delegates will be selected to the Lexington convention.

Wheat continues to make sensational advances at Chicago. It had advanced nearly 15 cents in 15 days.

Five surviving delegates of the 1856 convention, the first Republican convention held, were present and had seats on the platform at Philadelphia.

The State Treasury has been formally turned over to Treasurer Hager by Day's bondsmen. The State Inspector is working at examining the records of the office.

Gov. Beckham on Wednesday issued a letter formally announcing himself for Governor, but saying that his official duties would prevent him from making a canvass for the nomination.

The Osteopaths have won a decided victory in the courts. The Appellate Court, with only one judge dissenting, holds that they are doctors and have a right to practice without being interfered with by the Board of Health.

The editor of the KENTUCKIAN has incurred the displeasure of the editor of the Paducah Sun and his organ of assassination goes so far as to bandy epithets and indulge in abusive praise. This shows that even the best quality of improved fly-screens do not in all cases afford absolute protection from insects.

Our good but misguided friend, Editor Mott Ayers, of the Fulton Leader, cannot promote harmony in the Democratic party nor advance Gov. Beckham's personal interests by belittling the "field" that is lined up against the Leader's "favorite." It will not help Gov. Beckham for one of his managers to call Gen. Lewis "a feeble old man in his dotage," or to characterize Smith and Black as "unknowns." In some respects an "unknown" is needed. We want a man not actively identified with the State ticket last year. A man upon whom all Democrats can hang a monicker. Gov. Beckham was not such a man in 1899 and he may not be in 1901.

There is more *Caunch* in this section of the country than any other disease together, and it is to be had in every place supposed to be in existence. For a great many years doctors pronounced it a local disease, and by constantly failing to cure with local treatment, pronounced it incurable. Since now it is proven *Caunch* to be a constitutional disease, and the only effective treatment.

Hall's Catarrhi Cure, manufactured by F. J. Cheury & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer our standard dollars for any case it fails to cure. Send for circulars and testimonials.

AMEND THE ELECTION LAW.

In addition to the almost universal demand for a "harmonious candidate," there is also a general desire among Democrats that the objectionable features of the election law be removed by amendments. The original purpose of the Election law was to stop frauds and secure to the State honest and fair elections and a fair division of officers. In many respects the present law is a better law than the old one, that placed unlimited power in the hands of a county judge, often an unsafe man to be entrusted with such responsibility. The great clamor raised by those who were prevented from perpetrating frauds, coupled with the misrepresentations of those opposed to the election law as a plank in the party platform, combined to create a prejudice against the law, based in a great degree on lack of correct information.

The coming Democratic convention will probably speak out in favor of radical amendments to the election law, removing the features that have proved to be a source of discord in the party. The good features should be and will be retained and some important changes should be made in the sections of the old law not amended by the Goebel bill. The new law can with some changes be made non-partisan and infinitely better than the old one. The old law was partisan in that the members of the State Board of Canvass and of Contest were all members of the same political party—the party for the time in control of the State offices. It was partisan because the political complexion of precinct election officers was fixed by the political complexion of the County Judge, who was given absolute power in appointing them. It was partisan in that the members of each county board of canvassers belonged to the dominant party in that county, and the members of each county board of contest, as a rule, were members of the same political party.

Let it be understood that the Democrats themselves are willing and anxious to remedy the defects in our ballot system and let the coming convention pledge the party to do so as speedily as possible. With this source of discord removed and a leader free from any entanglements of the past, and the way is clear to a reunited party and a sweeping victory in the fall.

Discussing the announcement of Gov. Beckham, the Bowling Green Times, published in a county supposed to be a Beckham stronghold, states the change in public sentiment as follows:

"The Times regrets that the Governor did not find it to be in accord with his judgment, it not his feelings, to decline a candidacy under the peculiar conditions by which Kentucky Democrats finds themselves compelled. These are the clearest proofs deserving of bright than Governor Beckham, and none more worthy of public esteem and party confidence, but with the environments by which he is surrounded it is not reasonable to believe that his nomination would be a judicious choice. To settle doubts concerning the Democratic party should be the uppermost thought in the mind of every Democrat who is not viewing the situation for the standpoint of personal obligation. The conviction is strengthening, with a certainty that cannot be successfully gainsaid, that it is impossible to please the whole Goebel Democracy of Kentucky by the nomination of Mr. Beckham.

The Times is absolutely without prejudice in this matter, and would vote for Governor Beckham with as great pleasure as any Democrat in Kentucky if it could feel that the result of the nomination would be as desired. That reason does it think his nomination would be disastrous to the party which would nominate him."

In 1896 Judge Jas. D. Black made the race for Congress in the Eleventh district as the Democratic nominee. The Republican majority against him was only 9,886, with an Independent Republican in the race who received 4,587 votes. The figures show that Judge Black was defeated by less than 10,000 votes in a district that gave Taylor 16,000 last year. If he can reduce the Republican majority 6,000 in a congressional race, he might be expected to do even better in a race for Governor.

The three Democratic election officers sentenced to the federal penitentiary in the U. S. Court, Louisville, have given bond for \$7,500 each, pending appeal, and have been released from jail.

The Interior Journal is playing fast and loose with its gubernatorial nomination and will hear no tales, but any of the excellent gentlemen announced for the high honor, but considering the good of the party and with an eye single to its success, we are constrained to believe that the Hon. James D. Black is the man to nominate. He is the one man whom all the leading men unite and trust; there is no such man as defeat for the Democratic party. He is clean, able and worthy and would make an ideal executive. We do not say this without the support of many of our other candidates all of whom are deserving of their party's praise but from a closer knowledge of the man and the belief that he can more assuredly lead us to victory. The Republicans will play up their strength, says John W. Young, and it behoves the Democrats to put a man against him who without so many advantages in life, can discount him in brains, legal attainments, purity of record and in uprightness of character.—Standard Journal.

Robert Lockhart, at Covington, Tenn. and Miss Katherine Cline at Potoka, Ind., were married Wednesday by long distance telephone, Rev. Danks officiating. The ceremony occupied twelve minutes. The town are 300 miles apart. The bride was tastefully attired for the strange ceremony. When she told her husband good-bye before ringing off she wept. She will leave in a few days for Covington to reside in the future.

The Republican ticket was made up yesterday and McKeyle and Roosevelt are the nominees. The platform holds out no hope of a change for the better and Republican success would insure another four years of extravagance, and corruption in official circles. The hope of the people is in the ticket to be named at Kansas City two weeks hence, with W. J. Bryan at its head.

Judge Lewis in McCracken.

Judge Jos. H. Lewis is down in the First district and his reception at Paducah Monday is thus reported by the News:

"A host of strong party men have assured him of their warmest support, and he is in high spirits over the very enthusiastic reception given him here and elsewhere. Judge Lewis' friends claim that he can command more strength among all factions of the Democratic party than any other candidate, and if Paducah is any criterion, their claims are true. Several of the most active partisans of the late Governor Goebel are extremely active in pushing Judge Lewis' candidacy, while he will receive the support of a large number of Democrats who opposed Goebel last year, but who have returned to the party ranks this year. Maj. T. E. Moss was reared in Green county, which adjoins Gen. Lewis' old home, and Col. R. G. Caldwell was raised in Barren. Both these gentlemen think Judge Lewis one of the greatest men Kentucky has within her borders. They freely predict his nomination and triumphal election. Judge Lewis will go to Mayfield this afternoon, and from there to Clinton, Bardwell and Wickliffe. He will also visit Murray, and Benton, and then return to the middle part of the State.

Perhaps no finer specimen of the old-time Democrats can be found than Judge Lewis. He takes us back to the good old days when Kentucky democracy was united and always victorious. He is a leader of the type that always won battles and never lost them. Whether nominated or not Judge Lewis' candidacy will unquestionably add strength to the ticket this fall, as he has rallied and brought back many Democrats who were wavering because no tried or trusted leader was in sight. The older Democrats here in Paducah have flocked to him almost to a man, and many who left the party have pledged him support if nominated. Judge Lewis is conducting a most dignified and manly campaign, and will doubtless gain much support in the counties below."

Takes an Official Inspection of Co. D.

Col. T. J. Smith, of Bowling Green, was in the city Monday evening and made an inspection of Co. D. There were 42 men in line and they were drilled for an hour or more. Col. Smith complimented Capt. Tandy and his men on the fine showing made. He will make a requisition for additional uniforms for the company.

BRIDGE GIVES AWAY.

Two Fatalities in the Wreck of a Train Near Lebanon, Ky.

Lebanon, Ky., June 19.—Two men were killed, five seriously injured and ten slightly injured in a wreck this afternoon on the Greensburg branch of the Louisville & Nashville Railroad at Calvary, six miles from Lebanon.

The killed: George Mullins, bridge carpenter, Mt. Vernon; J. M. Houston, bridge carpenter, Pine-Hill. Seriously injured: J. B. Martin, supervisor, Lebanon; Wm. Adams, bridge carpenter, Broadhead; John Newland, bridge carpenter, Broadhead; E. W. Hagan, baggageman, Greensburg; Claude Hobson, brakeman, Campbellsville.

Thirteen bridge carpenters were at work on the bridge that crosses Rolling Fork River. The passenger train was in the center of the first 100-foot span, when the bridge gave way and precipitated almost the entire train to the bed of the river.

The last coach, containing twenty passengers, was left hanging over the abutment and was not seriously damaged until after its occupants were taken out.

WANTED

SPEAKS MONDAY.

Judge Black Will Be Here On The 25th.

Judge Jas. D. Black, of Knob county, will be here Monday and fill his appointment at the Court House. He spoke at Shelbyville, Wednesday and from that place wired yesterday that he would certainly be in Hopkinsville as heretofore announced.

That he will have a large crowd is settled in advance.

Judge Black is one of the finest stump speakers in the State and he will make a speech that cannot fail to impress his hearers.

Judge Black will make a number of speeches in this part of the State next week.

A strong request has been made that he speak in Cadiz Monday night, but he has not yet been communicated with about the night appointment.

Hon. Jas. D. Black.

The announcement of Judge James D. Black's candidacy for Governor is as follows:

"I am a candidate for the office of Governor of Kentucky, November election, 1900, subject to the action of the Democratic party. In making this announcement I am actuated by a desire to see the best interest of my state subserved, and if I shall be nominated and elected, the best energies of my life shall be dedicated to the end. In this spirit, I now submit my candidacy to the decision of my party and, in advance of any nomination which may be made, I pledge a hearty acquiescence in whatever decision may be made in the convention to be held at Cadiz, 19, 1900, and my earnest support of the nominee of that convention."

The home of James D. Black is at Barberville, in Knox county. He was born and reared in that country. His father was a farmer, and the son grew up on the farm. He read law and was admitted to the bar in 1874. Since that time he has been actively engaged in the practice of law in Knox and adjoining counties. Some years ago he represented Knox and Whitley counties in the Lower House of the legislature, having defeated the nominee of the Republican party.

In 1889 he was grand master of the Masons in Kentucky. In 1893 he was one of the five commissioners from Kentucky to the World's fair, under appointed by the Governor. In 1896 he was the nominee of the Democratic party for Congress in Eleventh congressional district, and made a thorough canvass of the district in the interest of the party. It was known, of course, from the beginning that no Democrat could be elected from that district, and Mr. Black was defeated by 9,886 majority, although the usual Republican majority is from 14,000 to 16,000.

MARKET EASIER.

Prices on Common Leaf Proved Quite Satisfactory.

The tobacco market this week was slightly easier on all grades of both leaf and lugs. Prices for common leaf, however, seemed much more satisfactory than those offered for any other grade presented upon the breaks, and sales of these kinds were fairly brisk. Very little fine tobacco was offered and rejections were more numerous than for several weeks past. Good leaf ranged in price from \$8.50 to \$7.50, common to medium leaf, \$7.50 to \$5.50, lugs \$4.90 to \$3.25.

He commands love and reverence. Yet how few wear the mantle of age with dignity. Dime novels, querulous of spirit, halting speech, and childish in manner, "lag superfluous on the stage," dragging out the lag end of life in a simple existence.

The secret of a healthy old age is a healthy middle age. The man who takes care of his stomach, who keeps himself properly nourished, will find that the body does well him in old age. The great value of Dr. Pierce's Golden Medical Discovery lies in the preservation of the working power of the stomach and other organs of digestion and nutrition. From this center is distributed to the whole body, the salt for the blood, the lime for the bones, phosphates for the brain and nerves. A sound stomach means a sound man. A man who keeps his stomach sound by the use of Dr. Pierce's Golden Medical Discovery will wear the crown of gray hairs as befits a monarch, with dignity and ease.

No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. A PLACE OF DEATH.

Over 4000 American Casualties In Philippines—Unnumbered Nations Slain.

Under date of May 30, Secretary Root submitted to the senate a report of American casualties in the Philippines, to May 24, 1900. It shows that 48 officers and 600 enlisted men were killed in action or died of wounds received, 23 officers and 1,136 men died of disease, and 7 officers and 77 enlisted men committed suicide, making a total death list of 70 officers and 1,774 enlisted men. In the same period 128 officers and 1,836 enlisted men suffered wounds which did not prove fatal. The number of troops in the Philippines on April 30 last was 2,326 officers and 61,272 enlisted men.

Three additional death rolls have been sent to the war department from the front since the filing of this report, with aggregate casualties of 46.

The following cablegram of June 4, from General MacArthur, indicates how the work of pacification has been carried on among the islanders:

"With reference to your telegram of 22d ultimo, Filipinos killed, 10,780; wounded, 2,104; captured and surrendered, 18,425; number prisoners in our possession, about 2,000. No systematic record Filipino casualties these headquarters. Forgoing compiled from large number reports made immediately after engagements is as close an approximation as now possible, owing to wide distribution of troops. More accurate report would take weeks to prepare. Number reported killed probably much less, as Filipinos managed to remove most wounded from field and comparatively few fell into our hands. Officers high rank and dangerous suspicious ones have been retained as prisoners; most other men discharged on field as soon as disarmed. Propose to release all but few prisoners at early date."

RATES REMAIN SAME.

Season Promises To Be Big One At Dawson.

The report that the rates at the Arcadia hotel, Dawson, have been increased is a mistake. The Arcadia company established their rates on September 11, 1882, and they have never been changed in any way since that time. Mr. Holman requests the KENTUCKIAN to make the above statement for the benefit of the public, as the report concerning the alleged increase of rates seems to have gained a wide circulation. The Arcadia is rapidly filling up with guests and this season promises to eclipse any year since the discovery of the Dawson water. The Italian band, engaged for the season, has arrived and excellent music is discoursed at intervals throughout the day, and until a late hour at night.

An excellent string band has arrived and will make music during the season. E. Y. Pool & Co., the new proprietors, have shaped everything up in apple pie order and the indications already point to a most successful season.
